

# PRO-GRO 365<sup>™</sup>

## FERTILIZANTE MULTIUSO

### FRECUENCIA DE APLICACIÓN CÉSPED

- Cuanto Usar:**
- **Césped de Temporada Fresca** (Tall Fescue, Rye Grass, Bluegrass etc.) – Aplicar 7 libras (aprox. 15 tazas) por cada 1,000 pies<sup>2</sup> (aprox. 33'x33')
  - **Césped de Temporada Calurosa** (Bermuda, St. Augustine, Zoysia etc.) – Aplicar 10 libras (aprox. 21 tazas) por cada 1,000 pies<sup>2</sup> (aprox. 33'x33')

### Instrucciones de Uso:

Para obtener mejores resultados, cortar el césped 1-3 días antes de la aplicación. Aplique en cualquier temporada del año al césped seco usando un esparcidor de césped de tipo whirlybird o broadcast. Riegue a fondo inmediatamente después de la aplicación. Aplicar cada 12 meses.

### ÁRBOLES, ARBUSTOS, FRUTAS Y VERDURAS

- Cuanto Usar:**
- **Árboles (de Sombra / Florecientes / Frutales)** – Aplicar 1 libra (aprox. 2 tazas) por cada 100 pies<sup>2</sup> (10'x10') al área que se encuentra debajo de la línea de goteo (área entera desde el tronco hasta el límite de las ramas)
  - **Arbustos, Flores, Plantas de cobertura, y Verduras** – Aplicar 2 libras (aprox. 4 tazas) por cada 100 pies<sup>2</sup> (10'x10') de jardín de arriate.

### Instrucciones de Uso:

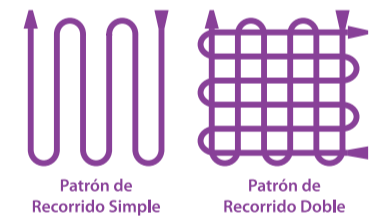

Aplique en cualquier temporada del año a un jardín de arriate seco usando un esparcidor de césped de tipo whirlybird o broadcast. Riegue a fondo inmediatamente después de la aplicación. Aplicar cada 12 meses.

### CONFIGURACIÓN DEL ESPARCIDOR

Los valores indicados aplicarán aproximadamente la tasa recomendada para el césped de temporada calurosa en un patrón de recorrido simple con un esparcidor.

Mida con precisión las dimensiones en pies<sup>2</sup> del césped o del jardín de arriate y asegúrese de apartar la cantidad suficiente de Pro-Gro 365<sup>™</sup> para esa zona. Para obtener los mejores resultados, aplique en un patrón de "recorrido doble" en mitad tasa hasta que se acabe el fertilizante.

## MULTI-PURPOSE FERTILIZER

### APPLICATION RATES

#### LAWN

##### How Much To Use:

- **Cool Season Lawn** (Tall Fescue, Rye Grass, Bluegrass etc.) – Apply 7lbs (approx. 15 cups) per 1,000 SqFt (approx. 33'x33')
- **Warm Season Lawn** (Bermuda, St. Augustine, Zoysia etc.) – Apply 10lbs (approx. 21 cups) per 1,000 SqFt (approx. 33'x33')

##### Directions For Use:

For best results, mow lawn 1-3 days prior to application. Apply any time of year to a dry lawn using a whirlybird or broadcast type spreader. Water immediately and thoroughly after application. Apply every 12 months.

#### TREES, SHRUBS, FRUIT & VEGETABLES

##### How Much to Use:

- **Trees** (Shade/Flowering/Fruit) – Apply 1lb (approx. 2 cups) per 100 SqFt (10'x10') inside of the dripline (entire area from trunk to edge of branches)
- **Shrubs, Flowers, Ground Cover & Vegetables** – Apply 2lbs (approx. 4 cups) per 100 SqFt (10'x10') of planting bed

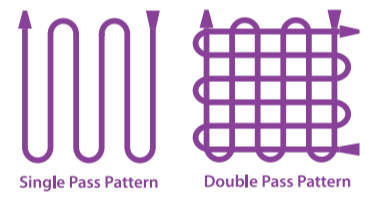

##### Directions For Use:

Apply any time of year to a dry planting bed using a whirlybird or broadcast type spreader. Water immediately and thoroughly after application. Apply every 12 months.

#### SPREADER SETTINGS

Listed settings will approximately apply recommended rate for warm season turf in a "single pass" spreader pattern. Accurately measure your lawn or garden bed's square footage and set aside the appropriate amount of Pro-Gro 365<sup>™</sup> for that area. For best results, apply in a "double pass" pattern at half rate until the fertilizer is all gone.

#### GUARANTEED ANALYSIS

TOTAL NITROGEN (N)<sup>1</sup>.....14.00%

2.30% Ammoniacal Nitrogen

2.10% Nitrate Nitrogen

9.6% Urea Nitrogen

AVAILABLE PHOSPHATE (P<sub>2</sub>O<sub>5</sub>)<sup>2</sup>.....1.50%

SOLUBLE POTASH (K<sub>2</sub>O)<sup>3</sup>.....3.00%

Sulfur (S).....1.00%

Iron (Fe).....1.12%

Derived from Polymer-Coated Ammonium Nitrate, Polymer-Coated Ammonium Phosphate, Polymer-Coated Sulfate of Potash and Humic Shale.

<sup>1</sup>All nutrient sources have been polymer-coated to provide 1.4% coated slow release nitrogen (N), 1.5% coated slow release available phosphate (P<sub>2</sub>O<sub>5</sub>), 3% coated slow release soluble potash (K<sub>2</sub>O).

Keep out of the reach of children. May be harmful if swallowed.

Store in a cool dry place. Protect from sunlight.

<sup>2</sup>Compared to leading fertilizer brands containing less than 485 propagules/cc of mycorrhizae.

<sup>3</sup>Compared to leading fertilizer brands containing less than 64,800 CFU/cc of bacteria.

<sup>4</sup>When used as directed. Slow-release fertilizer helps ensure less people & pet absorption on contact and less leaching through the soil.

Not for use in organic crop and organic food production. Information regarding the contents and levels of metals in this product available on the internet at <http://www.agfco.org/metals.htm>.

CONDITIONS OF SALE AND LIMITATION OF WARRANTY AND LIABILITY. BEFORE BUYING OR USING THIS PRODUCT, read the Directions for Use and the following Conditions of Sale and Limitation of Warranty and Liability, which no employee or agent of Green As It Gets Inc. or the seller is authorized to vary.

EXPIRATION – Best If Used Before: Dec. 2019
